

"Innovating Healthcare, Globally"

Comed

(WHO-GMP Certified)

Trusted Formulations for a Healthier World

Company Introduction

- ❖ **Comed Chemicals Limited** is a trusted name in the global pharmaceutical industry, proudly ranked among the top 100 pharmaceutical formulation companies in India. With over three decades of experience, we have built a strong presence in both domestic and international markets, consistently delivering value, quality, and innovation.
- ❖ Since our inception, we have been dedicated to formulating, developing, and marketing safe, innovative, and cost-effective pharmaceutical products that enhance the quality of life. Our long-standing commitment to excellence has earned us the trust of global partners, created fulfilling careers for our employees, and delivered sustained returns to our investors.
- ❖ Our manufacturing strength lies in two advanced facilities located in Gujarat (435,600 sq. ft.) and Himachal Pradesh (256,500 sq. ft.), both built to WHO-GMP and USFDA-equivalent standards. These world-class units are equipped to produce a wide range of high-quality dosage forms, including tablets, capsules, and liquid orals, with a strong focus on consistency, safety, and scalability. In addition to finished formulations, we also manufacture and export Empty Hard Gelatin Capsules in various sizes—plain or printed—customized to meet global pharmaceutical requirements.
- ❖ We operate dedicated manufacturing units for general and cephalosporin (ceph) sections, offering flexibility across multiple dosage forms and batch sizes. Each facility is designed, equipped, and operated with precision to ensure high-quality production within optimized cost and delivery timelines.
- ❖ Our operations are powered by cutting-edge technology and a highly skilled team of professionals, ensuring that we meet international quality benchmarks, maintain on-time deliveries, and offer tailored packaging and documentation to align with country-specific regulatory standards.
- ❖ At Comed, we believe in more than just manufacturing medicines—we build global health partnerships. With every formulation, we bring together quality, reliability, and innovation to make healthcare more accessible and future-ready for all.

Our EHG Division

- ❖ **COMED** offers standard Empty Hard Gelatine Capsules from its world class multi locational manufacturing facilities not only to Indian Pharmaceutical Industry, but also to its highly reputed Global buyers. These capsules are manufactured by deploying highly acclaimed latest fully automatic and computerized manufacturing lines under closely controlled parameters of Temperature and Humidity. The quality is further ensured by using camera controlled and fully automatic auto sorters which eliminate any capsule not found satisfying the set parameters.
- ❖ The capsules can further be printed, circular or linear as per the customer requirement.
- ❖ The entire process is monitored by latest SCADA software upgraded regularly to ensure that our buyers are delighted to use the product when using the high speed filling lines available in the market.
- ❖ COMED uses the best quality gelatine and other ingredients to make international standard capsules. All raw materials are carefully tested as per the standard quality norms before manufacturing Capsules. COMED uses gelatine free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE). Certified dyes are added to gelatine solution in order to match the required colors. COMED's fully equipped ColorLab can match any specific color requirement desired by the customer.
